

Business Capability Finder

Industry Capability Network (ICN) Limited has partnered with the Commonwealth Government, through the Department of Industry, Science, Energy and Resources, to bring you the **ICN Business Capability Finder (BCF)**.

Why use BCF?

ICN is a leader in finding the best suppliers with the right capabilities and connecting suppliers with projects.

With over 23,000 registered Australian and New Zealand SMEs, BCF provides a solution to the challenges in supply chain analysis, monitoring and reporting.

BCF is based on real time information from the ICN database, and all companies on our database have been through a rigorous verification process. Along with our automatic system checks (ABN, company address, email etc), all supplier details have been checked and verified by ICN's Industry Advisers, which means that the information provided is accurate and up to date.

Who can use it?

At this stage, only governments and related bodies can use BCF. Contact your local ICN office on 1300 961 139 to make an appointment for a demonstration.

How can BCF help you?

All Australian governments aim to maximise Australian industry development, capability and project opportunities. The BCF is a useful tool to assist these important activities.

BCF can help you:

- ✓ ascertain the business capability nationally, or in state or regional areas, or by industry. What services are available in your area or sector/industry?
- ✓ identify business capability gaps in your region to help inform policy and programme development
- ✓ ascertain detailed verified business capability at the national, state and/or local level
- ✓ ascertain company turnover/employees, by area and/or sector/industry
- ✓ assess company certifications and accreditations by area and/or state
- ✓ identify indigenous businesses or number of employees, by area and/or sector/industry.

How much does it cost?

To request a licence please contact your local ICN office on 1300 961 139 for more information.
